NEO CLASSICAL DINING ROOM

The neo-classical dining room design incorporates a sophisticated color palette, featuring a white built-in shelf on the main wall, black marble on one side, warm wooden paneling on the other side, and classical paneling on the remaining walls. The flooring consists of elegant white marble with a subtle pattern, while the ceiling is made of sleek black glass, adorned with a grand gold chandelier. A spacious dining table with 16 chairs takes center stage, complemented by a stylish console on the left.

Gold accents throughout, including lighting fixtures and accessories, add an opulent touch. The room is adorned with curated neo-classical decor on the built-in shelf and walls, creating a harmonious blend of luxury and comfort. Curtains, rugs, and thoughtful integration of technology contribute to the overall ambiance, resulting in a dining space that is both inviting and classically elegant.

TEENAGE GIRL BEDROOM

The teenage girl's room is thoughtfully designed to reflect her unique personality and style. The king-size bed, featuring a distinctive white marble mixing circle shape with wooden panels and hidden lights, is adorned with golden metal lines that add a touch of glamour, mirroring the girl's vibrant and sophisticated character. A luxurious chandelier above the bed enhances the room's elegance, while the carefully chosen color scheme of beige, light green, gold, and pink resonates with her individual tastes. The dressing room, separated by a golden metal partition, incorporates leaf-patterned wallpaper and wooden panels, showcasing a blend of sophistication and nature-inspired elements that align with the girl's personality. The cozy reading nook near the window, complete with two armchairs and a circular pink rug, adds a playful yet refined touch, creating a space that is not only visually pleasing but also resonates with the girl's unique and preferences.

MASTER BEDROOM

The master bedroom exudes neo-classical elegance with a carefully curated design. The walls are adorned with classic panels, creating a timeless backdrop for the central focus—a bed framed by intricate 3D wooden panels. The sides of the bed feature mirrors with golden metal strips, enhancing the opulence of the space, while white marble with hidden lights surrounds the entire composition. The bed, draped in a luxurious blue leather material, becomes a striking centerpiece, complementing the beige marble flooring for a harmonious color palette. This neo-classical retreat combines intricate detailing with refined materials, resulting in a master bedroom that is both sophisticated and inviting.

HOME OFFICE

The neoclassical home office design effortlessly marries classical charm with modern functionality, showcasing a wall adorned in rich brown classical panels for a timeless aesthetic. A large, modern desk takes center stage, featuring opulent golden legs and a luxurious marble top, providing a perfect blend of traditional and contemporary elements. Behind the desk, thoughtfully designed shelves offer ample storage space, while rectangular pieces of mirror interspersed among them add an extra layer of opulence to the workspace. This design creates a harmonious balance between neoclassical elegance and modern efficiency, making the home office a refined and inspiring environment for productivity.

Hammoud Bamby

The goal was to create a modern and dynamic home office space for a Mr Hammoud Bamby Emirati influencer with a clean aesthetic. The primary color scheme is white with accents of blue. The right wall features a stylish LED mirror for functional and aesthetic purposes. The left wall is a vibrant canvas showcasing Mr Bamby's passions, including favorite characters, colors and inspiring slogans. The desk is placed against the window, covered with a white color blind with his logo printed on it. Freestanding shelf with a blue and white color scheme is placed next to desk to showcase his shoe collection and other decorative items. The shelving design allows for a visually appealing display, balancing tones and complements the overall aesthetic of the home office. Considered adjustable shelves to accommodate various shoe sizes to create an organized yet stylish focal point within the space.

Aim for a balanced and personalized environment that fosters creativity and reflects the individuality of the influencer.

Armando

The goal was to create a modern shared office space with a neutral color palette. The reception desk showcasing wooden panels with concealed LED lighting against a backdrop of white marble which serves a sophisticated and timeless backdrop for the reception, enhancing the overall aesthetic and illustrating modernity.

Painted the waiting area wall with a captivating Sama dance painting, contributing to a welcoming and aesthetically pleasing environment. Gray porcelain flooring for shared areas was used to emphasize neutral colors throughout the space which creates a harmonious and calming environment and parquet flooring within individual offices to add a touch of sophistication and warmth. Round wooden panels created a sense of enclosure for the private pantry, fostering a cozy and intimate break space. Large windows throughout the office maximize natural light.

Seamless integration of technology was considered, ensuring that the office is equipped for modern working needs and the layout was designed in a way to facilitate smooth traffic flow and accessibility within the shared office space and to ensure a balance between open collaboration areas and private workspaces.

ARABIC MEN TAILOR SHOP

Armando

DESIGN YOUR DREAM!

The Arabic Kandora shop is a testament to cultural elegance, inspired by the brand's palm leaf logo. The color palette of brown, beige, and green creates a natural and inviting ambiance. The unique design element involves racks that are seamlessly integrated into the wall, resembling openings adorned with graceful curves. These intricately designed openings serve as the focal points for displaying Kandoras, providing both functionality and aesthetic appeal. The shop's concept harmoniously blends traditional Arabic elements with contemporary design, offering customers a distinctive and immersive shopping experience in an environment that resonates with cultural authenticity.

VINTAGE WATCH STORE

The vintage watch store offers a unique and luxurious shopping experience, showcasing top-brand timepieces alongside a limited collection of premium quality bags and accessories. The VIP section takes center stage with its captivating two-toned wall, becoming an immediate focal point upon entry. The wooden parquet flooring imparts a sense of classic sophistication, while wooden cabinets throughout the store contribute to the vintage ambiance, creating a warm and inviting atmosphere. The curated selection of watches, displayed with elegance and precision, reflects the store's commitment to offering exclusive, high-quality items. This design seamlessly blends modern retail functionality with a vintage aesthetic, providing customers with a sophisticated and memorable shopping environment for their discerning tastes.

The classical restaurant exudes grandeur in its expansive space, characterized by high ceilings adorned with intricate molding that imparts a sense of timeless elegance. The walls are embellished with classical designs and decorative columns, complemented by two colossal human figure sculptures that add a touch of artistic sophistication.

A centrally placed grand piano sets the tone for classical music, enhancing the dining experience. Rich red velvet curtains provide a luxurious backdrop, while classical paintings adorn the walls, contributing to the overall opulence. A well-defined bar area adds a social element, featuring classical detailing and ambiance, and the self-service food section is discreetly separated by classical arched walls for an organized layout. The restaurant is illuminated by the warm glow of grand classical chandeliers suspended from the ceiling, creating a harmonious and regal atmosphere that beckons patrons to savor both the culinary delights and the artistic ambiance.
